

..... **2024 YEAR IN REVIEW**

State Election Blueprint

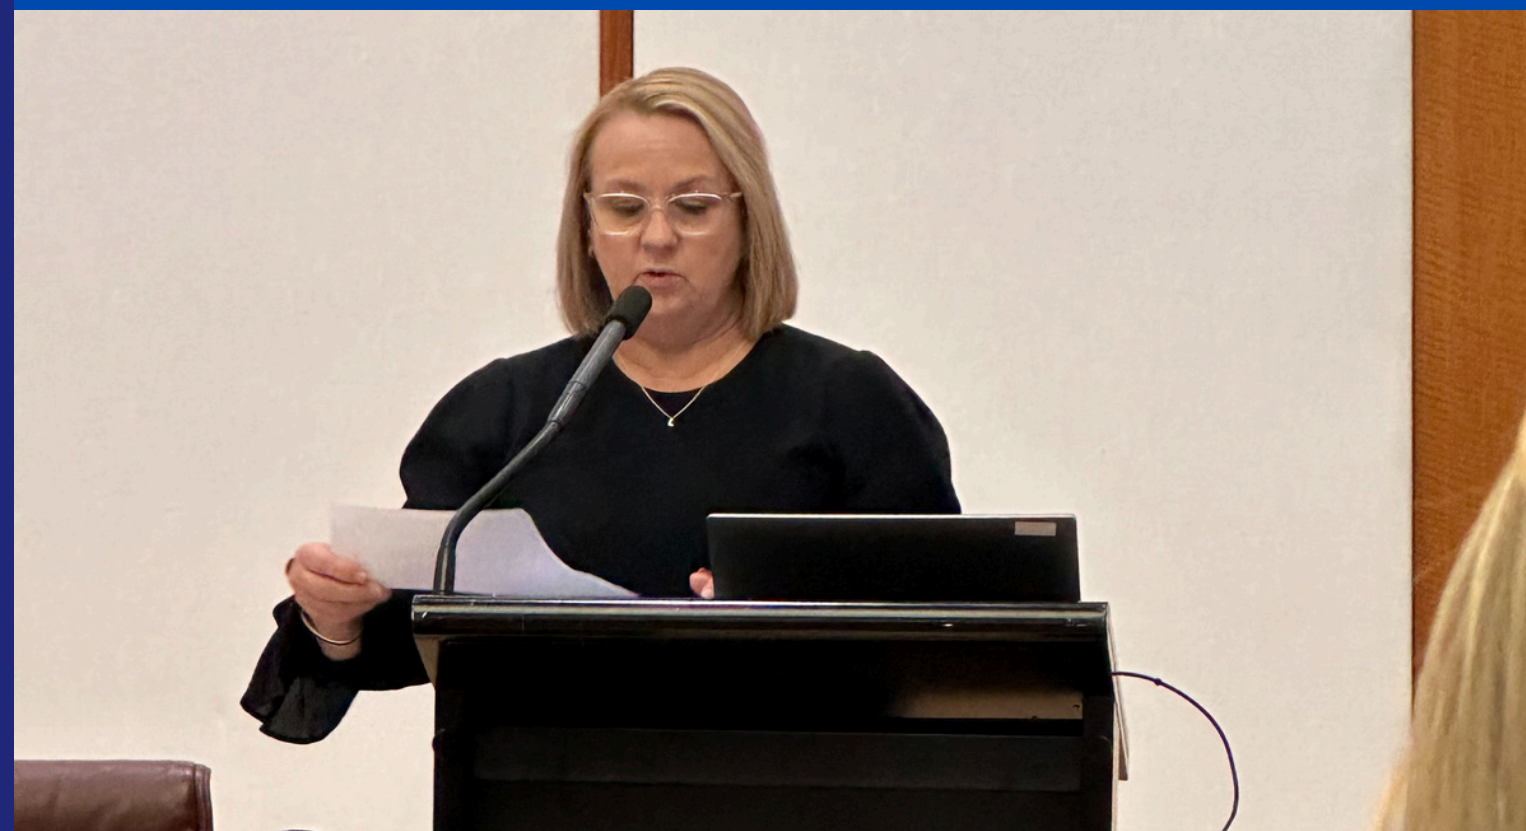

2024 QTA Election Blueprint “It’s Time to Get Queensland Moving” recommended key economic investment priorities to inform all political parties and decision makers to make bold decisions to improve the resilience and growth potential of Queensland’s economy

Closing the Loopholes

- Arguing for minimum standards that look after both employers and employees in the ‘Closing the Loopholes’ legislation.
- Representation on the Road Transport Advisory Group in Fair Work Commission

ADVOCACY

Infrastructure

- Bruce Highway - long term capital investment
- Inland Freight Route - continued investment
- Truck Way - high productivity freight route connecting Toowoomba to the Port of Brisbane

Training and Skilling

- Re-classification of Truck Driving occupation to ANZSCO Level 3
- Equal funding for the Heavy Vehicle Driving Apprenticeship
- Investment in industry-led training programs to attract more people into the industry
- Four Stage Industry Workforce Strategy

'Fix the Bruce' Collaboration

Partnered with RACQ on their 'Fix the Bruce' Election Priority Campaign

ADVOCACY

Ipswich City Council Advocacy

Supported advocacy that achieved funding to plan the upgrade to the Amberley Intersection on Cunningham Highway

Training and Skilling (National)

- Representation at the Workforce Skills and Licencing Round Table advocating for funding for training for new entrants, on-road training programs and the heavy vehicle apprenticeship
- National Workforce and Skilling Supply Chain Summit

Regional Board Meeting

First regional board meeting held in Townsville to support membership in North Queensland

REGIONAL ADVOCACY

Regional Road Freight Forums

- Supporting regional membership to foster productive communication with road managers
- Upskilling members to more effectively manage employee performance

Cunningham's Gap Reconstruction Project

Engagement continued with TMR advocating for the design of Cunningham's Gap to be fit for trucks

Sector Specific

LRTAQ - Presentations on Workforce, Training and Skilling and Technology and Data, HVNL, Access and Permits

Access and Permits

Drive demonstration days with PBS vehicles
Consultation with TMR Regions on rest area strategy and advocacy for improved access

PROJECTS

TRAINING FOR THE FUTURE

Record attendance of fleets

Expanded opportunities for industry networking
