

Deep Creek Bridge maintenance works (Gooroolba - Biggenden Road)

Works overview

The Department of Transport and Main Roads (TMR) will be undertaking maintenance works on Deep Creek Bridge on Gooroolba-Biggenden Road, in early 2025.

Works include replacing the inner timber girders to keep the bridge safe and operational.

Works will commence from **28 January 2025** and take around two weeks to complete, weather and other conditions permitting.

The bridge is a narrow, single lane structure and to facilitate works in a safe and efficient manner, it will remain closed to all traffic daily from **6am-6pm Monday to Friday** until the works are completed.

Electronic signage will be in place along the road prior to works commencing to notify road users of specific dates and times.

Construction impacts

During construction nearby residents, businesses and road users can expect the following:

- **Detour:** motorists are directed to travel from Biggenden to Ban-Ban Springs using the Isis Highway, and via the Burnett Highway and Gayndah Mount Perry Road.
- **Changed traffic conditions:** speed restrictions, lane closures and detours will be in place during the works. Motorists are urged to drive to the changed conditions and obey all signage and traffic controllers' directions. Please see the detour map on page 2.
- **Construction noise and dust:** heavy machinery will be used during the work period resulting in localised noise and possible dust impacts. The project team understands the inconvenience this may cause and will reduce these impacts wherever possible.

TMR thanks motorists and nearby residents and businesses for their patience and cooperation while these works are carried out.

Up-to-date information on the works will be available from the *QLDTraffic* website (www.qldtraffic.qld.gov.au) or *QLDTraffic* app (available from your app store).
